

...Work Up A STORM With The BBY24M-CE Bullet Blender® + 250 FREE Bead Lysis Kits

Homogenize Even The Toughest Of Samples Using The BULLET BLENDER®

Navy Lysis Kits are filled with a custom mix of stainless steel beads for extra power

The BBY24M-CE Bullet Blender® Homogenizer

Is the most powerful of the Bullet Blenders. Homogenize up to 24 of your toughest samples (mouse femur, skin, cartilage, tumor, etc.) in just minutes. Air cooling™ minimizes sample heat up.

- **CONSISTENT HIGH YIELDS**
Patented technology enables thorough, consistent homogenization while preventing samples from heating up significantly, thereby preserving sample quality
- **HIGH THROUGHPUT**
Run up to 24 samples in parallel
- **NO CROSS-CONTAMINATION OR SAMPLE LOSS**
No probes to clean between samples - no loss of material
- **REDUCED NOISE**
Integrated noise insulation to keep homogenization quiet
- **A 'COOL' PIECE OF KIT**
Air cooling™ minimizes sample heat up
- **BEST VALUE**
Affordable design + standard tube compatibility keeps operating costs low. 2 year warranty

Save Time With Our Bead Lysis Kits

Our pre-prepared kits consist of Safe-lock™ Eppendorf or RINO® 1.5ml tubes pre-filled with optimised bead combinations. Available in **Green, Navy, Pink, Red & Yellow**, each kit is designed for use with different types of samples. See our '[kit selection guidelines](#)' for tips on which kit best suits your needs. Available as RNase-free or non-sterile in packs of 50 or 250.

Purchase the **STORM BBY24M-CE Bullet Blender®** Homogenizer today and receive your **250 FREE NAVY** Bead Lysis Kits
